SACHS BLOCK CHANGES HANDS

C. M. Cooke, Ltd., Purchasers of
Fine Property in the Business Section of City.

C. M. Cooke, Limited, has purchased from N. S. Sachs, for \$75,000, the fine Sachs business block at the corner of Fort and Beretania avenue. The deal was concluded and the papers signed yesterday, but negotiations have been in progress for some time, though, of course, kept carefully secret. Frederick E. Steere, manager of the real estate department of the Henry Waterhouse Trust Company, conducted the negotiations and put the deal through.

It is stated, on the authority of Clarence H. Cooke, that the directors of C. M. Cooke, Limited, have purchased the Sachs block simply as an investment, and that, so far as any present plans are concerned, no change will be made as regards tenancy. The dry goods firm of N. S. Sachs & Co. will continue to occupy the ground floor of the building, while the Majestic Hotel will occupy the second and third floors.

It is rumored that Mr. Sachs contemplates retiring from active business. This, however, will not affect the business of the firm.

HONOLULU MAN IS HONORED AT HARVARD

The annual election of the Harvard class of 1911 brought out the largest vote in the history of the class, 406 men voting of the 600 registered in the class. Lothrop Withington Jr. of Honolulu, Hawaii, was elected president by a large majority over R. C. Foster and J. A. Sweetser. Withington is now playing left guard on the varsity football team and last year rowed No. 5 on the varsity eight. He is one of the most popular men, as he is one of the most versatile athletes, in his class.

SHIP SUBSIDY BILL MAY BE BROUGHT UP

AUBURN, New York, November 17.—Representative Sereeno E. Payne, chairman of the house committee on ways and means, thinks that the present session of congress will be one of the busiest that body has ever seen. He said: "There will be amendments to the interstate commerce law; the postal savings bank question will come up; ship subsidy will be prominent; and the Sherman antitrust law will need consideration. I don't think congress will interfere in the Nicaragua question, which the state department seems to have well in hand."

"I don't think congress will investigate the sugar trust either. Doeb and the federal prosecutors seem to be doing very well with that matter in New York."

To Work for Ship Subsidy.
NEW ORLEANS, November 24.—Organization of a Gulf State division of the National Merchant Marine League was begun tonight. The movement followed an address by Congressman W. E. Humphreys of Washington before the New Orleans Progressive Union in advocacy of ship subsidy.

SAN FRANCISCANS WOULD EXTEND COASTWISE LAW

SAN FRANCISCO, November 30.—The chamber of commerce, the merchants' exchange and the ship owners' association of the Pacific Coast have passed resolutions, of which they have forwarded copies to all members of the California congressional delegation, requesting the congress to pass a law extending the coastwise shipping laws so as to include the Panama Canal Zone and the Philippine Islands, and asking that the canal commission be requested to ship all supplies for the big ditch on American vessels.

Included in the resolutions and making it a part of them is given a list of 105 sailing vessels with a net tonnage of 111,221, and sixteen steamers with a net tonnage of 23,633, making a total net tonnage of 134,854, laid up on the Pacific Coast suitable for this work, the list having been compiled in answer to a reported statement of the president of the Panama Canal Commission to the effect that no vessels are available for use in the canal carrying trade.

WOMAN'S BOARD.

The woman's board of missions will meet in Central Union church this afternoon at half-past two.
Miss Julia A. E. Gulick, after the fullness of many years' experience in Japan will speak of "Japanese Missions Today." Miss Florence R. Yarrow will tell of some interesting missionary experiences in her recent trip to the mainland. Current events and a report from Lima Kokua will occupy a portion of the hour. Friends and visiting strangers are cordially invited.

COLDS ARE DANGEROUS.

If more people would make an attempt to get rid of the colds from which they are suffering, as a result of this changeable weather, there would be a decided decrease in the number of cases of pneumonia. A few doses of Chamberlain's Cough Remedy will cure your cold, and all danger of its hanging on until spring and resulting in pneumonia may be avoided. For sale by Benson, Smith & Co., Ltd., agents for Hawaiian Islands.
